PRIVATE DUTY SERVICES

*When it's time for care in your home,
Pathways is here to help*

"I want to stay in my home," are words we often hear at Pathways. Remaining independent at home can be hard for someone who is recovering from an illness or becoming frail.

Pathways aides are screened, insured, bonded, and experienced. As a full service employer, Pathways assumes responsibility for employee supervision, worker's compensation, liability insurance, and unemployment and payroll taxes.

Think of Pathways when your loved one needs:

- 1-to-1 attention
- Home support and personal care
- Nursing supervision at no extra charge
- Fully screened and bonded caregivers
- Caregivers experienced with Alzheimer's, Dementia, and end-of-life care

While there are many care options, a few of the most common benefits are:

- Receive care in the comfort of home
- Provide an alternative to nursing home care
- Recover from an illness or surgery
- Manage a chronic illness
- Caregiver relief and respite
- Provide care for a patient with special needs
